

Journalism

As well as IT Support another area that we cover is Journalism.

Brett has been a Journalist for over ten years on/off in a Freelance capacity.

Brett mainly specialises in IT Technology related reviews such as smartphones, PDA's, GPS, LCD Screens, Hi-Fi, Gadgets, Computers, Laptops etc.

And additionally has done several group tests, news posts, editing and Podcasts.

Brett has had featured work in....

- Future Publishing titles such as PC Plus, Computer Upgrade (no longer available), PC Format.
- Imagine-Publishing titles; PDA-Essentials & GPS Advisor, Gigahz (no longer available, was part of highbury).
- Dennis Publishing titles; Micro Mart.
- IDG Publishing titles; PC Advisor.
- Several online publishing companies, including his own website Crowdedbrain and CNet.

If you need a review of a technology related product or wish to get some news/content written for you magazine/website then please use the contact form to place an enquiry.
